Response to Amendment

The reply filed on July 17, 2003 is not fully responsive to the prior Office Action because of the following omission(s) or matter(s): Applicant's response to the prior office action was solely to request suspension of prosecution of the application (and possible declaration of interference) with US Patent 5,885,185 until the termination of the Reexamination proceeding said patent is involved with. However, a decision regarding a declaration of interference, or the question of suspension of prosecution herein, can not be made until this application is otherwise in condition for allowance. This application remains pending with outstanding obviousness-type double patenting rejections which have not been overcome by the filing of Terminal Disclaimers. Therefore, the outstanding office action has not been fully responded to, the application is not in condition for allowance and the request for suspension cannot be considered at this point. Applicant should submit appropriate Terminal Disclaimers, permission to cancel withdrawn claims, and a renewed request for suspension in response to this letter. See 37 CFR 1.111. Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).
